An award-winning interior designer has put her “one of a kind” Georgian house in St John’s Wood up for sale at £11.7m.

Michelle Pabarcus of Design Solutions has called Sunny Side on Langford Place home for the last 21 years, creating a “timeless” interior for the 5,460 square foot seven-bed.

Along with classic proportions and original features, the semi-detached affair has an “exceptional” layout, according to agents Ian Green, with all of the main reception space on a single floor; other key selling points include the 135-foot garden and gated off-street parking.

The property is said to be one of the oldest in the area, having originally been built as part of Wesleyan Chapel.
